

# SECURITY CONSULTING SERVICES

## OFFICIAL CISSP CBK™ REVIEW SEMINAR

Most information security professionals specialize in only one or two of the CBK domains and typically have varying degrees of knowledge in the other eight or nine. In-depth knowledge of all 10 domains is required to pass the CISSP exam. For this reason Rapid7 has partnered with (ISC)<sup>2</sup> to deliver an intensive, five-day CBK Review Seminar that will refresh your knowledge and broaden your understanding of all 10 CISSP CBK domains..

### THE (ISC)<sup>2</sup> CISSP CBK REVIEW SEMINAR WILL PROVIDE:

- A comprehensive review and discussion of the topics of the CISSP CBK
- Training and study materials developed by (ISC)<sup>2</sup> subject matter experts
- A 100 question self-assessment to test your knowledge of the CISSP CBK
- A personal critique of your results to help you focus on the topics where you may need to focus your study
- A complete student guide that addresses materials covered in the course

### WHO SHOULD ATTEND THE (ISC)<sup>2</sup> CISSP CBK REVIEW SEMINAR?

This seminar is not an entry level IT security course and is designed for experienced information security practitioners such as IT managers, IT system auditors, MIS managers, network managers, project managers, system analysts, security engineers, and security consultants. A minimum of 4 years direct and demonstrable IT security experience (3 years with a college degree) is required to attempt the CISSP exam.

To register call 866-7RAPID7 (866-772-7437) or visit:

### ABOUT RAPID7

Rapid7 LLC was founded in 1999 and provides enterprise network vulnerability and risk assessment services and solutions. All Rapid7 consultants are in good standing with the (ISC)<sup>2</sup> as Certified Information Systems Security Professionals (CISSP) and have also been certified in the NSA INFOSEC Evaluation Methodology (IEM).

### COURSE AT A GLANCE

**Duration:** 5 days (40 hours)

**Registration:** \$2,695  
(\$200 off for early registration)

**Location:** Back Bay, Boston MA

***“The CBK Review Seminar gave me the opportunity to interact and learn more on the topics of IT security both from the trainer and participants. The learning is definitely better than self study. The Seminar was concise, precise and accurate to fast track the CISSP domains.”***

***Ton Seng Chee  
Lucent Technology***
